EDUCATION

The Ohio State University   August 2016 - May 2020
B.S. in Mathematics and Physics with Honors (double major)
Overall GPA (4.00 scale): 4.00; Major GPA: 4.00

Hilliard Davidson High School   August 2012 - June 2016
Valedictorian of Class of 2016

RESEARCH EXPERIENCE

Resummation of Divergent Series   February 2018 - May 2019, August 2019 - Present
Undergraduate Research Asst. advised by Prof. Ovidiu Costin (Mathematical Physics)   *Columbus, OH*

· Conducting university-funded research on advanced methods for resummation of divergent series to convergent solutions that give maximum information about the behavior of the associated function when dealing with incomplete information
· Applicable to various fields including obtaining higher precision in critical expansions at low and high temperatures in statistical mechanics
· Applying a new method of resummation developed by Prof. Costin to Painlevé Equation PII
· Conference and Forum Presentations:
  – Young Mathematicians Conference   August 2019
    The Ohio State University
  – Denman Undergraduate Research Forum   February 2019
    The Ohio State University
  – Autumn Undegraduate Research Festival   November 2018
    The Ohio State University
· Publication:
  – O. Costin and M. Heinz, *The Binary Rational Expansion for Painlevé Equation PII*, in preperation

Hydrodynamic Fluctuations in High-Energy Nuclear Collisions   May 2019 - July 2019
Wayne State JETSCAPE REU advised by Prof. Chun Shen (High-Energy Nuclear Theory)   *Detroit, MI*

· Conducted theoretical research funded by JETSCAPE on the smoothed particle hydrodynamics (SPH) method to solve partial differential equations for hydrodynamic fluctuations in high-energy nuclear collisions
· Wrote an open source code package in C++ with C++ 11 standard, as well as a summarizing report
· `https://bitbucket.org/wayne_state_nuclear_theory/sph_solver/src/master/`

Virtual Knot Invariants   June 2017 - December 2017
Knots and Graphs Research Program advised by Prof. Sergei Chmutov   *Columbus, OH*

· Conducted university-funded cutting-edge research on multiple knot invariants for virtual knots
· Worked to develop a novel knot invariant that would expand on current knowledge and distinguish more virtual knots
· Helped develop a program to output different knot invariants for any inputted virtual knot
· `https://people.math.osu.edu/chmutov.1/wor-gr-su17/wor-gr.htm`

Exploration in Low-Energy Nuclear Theory   June 2016 - December 2016
Undergraduate Research Asst. to Prof. Robert Perry (Low-Energy Nuclear Theory)   *Columbus, OH*

· Independently studied various problems in quantum mechanics and discussed findings with Prof. Perry
· Attended research meetings of the Low-Energy Nuclear Theory group

WORK EXPERIENCE

The Ohio State University Dept. of Mathematics Aug. 2017 - Dec. 2017, Aug. 2018 - Present
Student Instructional Assistant *Columbus, OH*

- Lead two bi-weekly Precalculus recitations of 30+ students each semester
- Facilitate discussion, solve problems, and address students' questions about material
- Assist students outside of recitation through tutoring and office hours
- Administer quizzes and exams throughout the semester

Colburn Hill Group November 2018 - May 2019
Contractor *Columbus, OH*

- Created AI using UiPath to scrape relevant information from health care sites and post to databases

Math and Stats Learning Center at The Ohio State University January 2018 - May 2018
Mathematics Tutor *Columbus, OH*

- Explained Calculus and other mathematics concepts in simplified language to increase understanding
- Helped students of various ages and levels connect concepts to continuously expand knowledge
- Identified individual learning levels of different students and broke down complex problems accordingly

ACADEMIC AWARDS

- Goldstein Math Scholarship Autumn 2019
  Department of Mathematics *The Ohio State University*

- Smith Junior Award Winner April 2019
  Department of Physics *The Ohio State University*

- Merit Scholarship from Gordan Memorial Fund Spring 2019
  Department of Mathematics *The Ohio State University*

- Merit Scholarship from Gordan Memorial Fund Autumn 2018
  Department of Mathematics *The Ohio State University*

- Smith Sophomore Award Winner April 2018
  Department of Physics *The Ohio State University*

- Honorable Mention in the Gordon Mathematics Competition March 2018
  Rasor-Bareis-Gordon Mathematics Competition *The Ohio State University*

- Merit Scholarship from George Majda Scholarship Fund Spring 2018
  Department of Mathematics *The Ohio State University*

- Helen Cowan Book Award Winner April 2017
  Department of Physics *The Ohio State University*

- Merit Scholarship from George Majda Scholarship Fund Autumn 2017
  Department of Mathematics *The Ohio State University*

- Second Place in the Gordon Mathematics Competition March 2017
  Rasor-Bareis-Gordon Mathematics Competition *The Ohio State University*
    – awarded Goldstein Mathematics Scholarship

- Merit Scholarship from Morris Endowment Fund Autumn 2016
  Department of Mathematics *The Ohio State University*

- Maximus Scholarship Autumn 2016 - Spring 2020
  The Ohio State University

TALKS AND PRESENTATIONS

- "Padé Approximations and their Applications"   January 2019
  Given for the Low-Energy Nuclear Theory group at The Ohio State University

- "Helley's Theorem on Convex Sets"   November 2016
  Given in Math 5529H, Honors Combinatorics

SKILLS AND ACTIVITIES

Skills:

- Proficient: C++, Maple, Mathematica, LaTeX
- Familiar: Python, UiPath

Activities:

- Member of the Radical Pi Math Club at OSU   August 2016 - Present
- Bassist in The Buckeye Philharmonic Orchestra   August 2016 - May 2019
- Putnam Competition participant (achieved best score of 20, rank 693.5 out of 4,638)   2016, 2017
